PROTEKT

ECRF Design Studio

₱14,500.00/

At ECRF we have developed an outdoor cover solution using a high tech fabric from the USA - WeatherMAX®. Delivering exceptional durability,
water repellency, outstanding breathability and mildew resistance.

WeatherMAX® fabric is not waterproof, but highly water repellent and breathable. Being breathable means it will help reduce dampness, heat build up and condensation, thus helping to prevent mould and mildew from forming on your furniture and cushions during storage.

Tailored to fit each element of ECRF furniture, they feature a hem around the base fitted with marine elastic cord and cord locks.

And there is a 1 year warranty against loss of fabric strength or colour loss.
